

**PHRF OF BC
SPRING 2019 VAN ISLE HANDICAPPERS COMMITTEE MEETING**

March 9, 2019, 1230 hrs
Sidney North Saanich Yacht Club

AGENDA

ITEM 1: “60-100 Fleet Review”

Open floor to committee members to raise additional classes or vessels not included in initial review.

It is believed that because the review was conducted based on the current membership of PHRF BC, certain boat from island clubs may not have been included.

ITEM 2: Rule amendment

Rule 9.2 to be amended per proposal by John Windas SNSYC, to establish minimum equipment standard in regard to lifelines, based on a class rule or manufacturer standard data.

ITEM 3: J/105 ODR

Historically J/105s have raced in Vancouver in “PHRF” configuration, with code 5 genoas at least and typically larger spinnakers, dictating the current base rating. Recent request from island member for a ODR rating calls in to question which 'base boat' should be used for the J/105.

Supplemental document has been provided by Terry Waters NYC.

Note also has bearing on fleet review.

ITEM 5: 2016 PHRF BC SPRING APPEALS HEARINGS - 1430hrs.

1. John Windas, SNSYC, appealing San Juan 24 'Ghost Dancer'
-appellant requests base boat rating be defined to include lifelines, and/or inclusion of code “G” for removal of standard equipment.

Complete Appeal Forms and documentation are available on the website.
